

The Superintendent of Schools shall forward copies of Board of Education notices for special meetings to the press serving the area, to each district school and to such other organizations and/or individuals that may request them during the calendar year. The district shall maintain a list of persons who, within the previous two years, have requested notification of all meetings or of meetings when certain specified policies will be discussed. These individuals will be provided reasonable advance notification of Board meetings unless the meeting is a special meeting and there is insufficient time prior to the meeting to notify persons on the list. Agendas of Regular Meetings and copies of supporting materials will be available—through paper or electronic means—to the public, the press, school district principals, and other appropriate groups.
